

# CARAVAN SALON

30.08.2024 - 08.09.2024 | Germany, Duesseldorf

## CONNECTED THROUGH PASSION.

CARAVAN SALON is the world's largest trade fair for motor homes and caravans, having a long history stretching back more than 60 years now. Every year around 250,000 visitors gather information on caravans and mobile homes, parts and components, accessories, technologies, installations, electrical appliances, navigation systems, tents, campsite equipment and outdoor articles. Numerous destinations and tour operators offer their attractions and solutions for perfect mobile holidays. Further conferences and congresses aim to improve the exchange of information and contacts between global caravanning markets. In addition to traditional caravanning markets like Europe and the USA, growth markets such as Africa, Australia and China are a new focus at these conferences.

TourNatur, the no.1 show for hiking and trekking, became part of CARAVAN SALON in 2022.
